FALL 1960 AND SPRING 1961

Terms and Conditions of Sale

TERMS:

Cash with order; C.O.D.; or regular open account.

For C.O.D. orders, please send 25% with order.

To establish credit for open account it is necessary to give satisfactory references and allow sufficient time for investigation. To those whose credit has been established we allow 2% discount for cash 10 days from date of invoice, net 30 days. Cash discount applies only when prior balance is paid in full. Interest at 6% charged on past due accounts.

PRICES:

This list cancels all previous lists and quotations.

Boxing and Packing extra at near cost. Because of the cost of boxing materials and labor, we cannot box large bulky shrubs, trees, or B & B evergreens.

GUARANTEE AND CLAIMS:

Plants warranted to be true to name.

Plants warranted to be in good healthy condition.

We sell under the standard form Nurserymen's Non-Warranty Clause, which reads: "We give no warranty, expressed or implied as to description, quality, productiveness, or any other matter, of any nursery stock we sell." We accept no responsibility for the guarantee our customers give their customers or any governmental department or agency. All shipments are at the risk of the purchaser after being delivered to carrier in good condition. All claims must be made within 5 days after receipt of stock. All quotations are for immediate acceptance and subject to stock being unsold on receipt of order.

SPECIAL NOTICE:

Correspondents are requested to use their printed business letterheads.

This list is intended for the trade only. We sell only to those who expect to resell at a profit. We do not employ agents. We do not pack dealers' orders, nor do we authorize dealers to use our name in any way whatsoever.

3 yr. TT. heavy for potting.....	.60		
T. orient. compacta - berryhill's Strain (Compact Biota - Green)			
2 in pot.....	.25		

Five year transplants. The extra heavy size most nurserymen want and can rarely find. This is our own selection of a dense, slower growing spreading Taxus.

TAXUS INTERMEDIA BERRYHILLI

TAXUS CUSPIDATA

Five year transplants. Very heavy. Excellent for either field rows or containers.

Three year transplants.
The right size for con-
tainers or the field.

GLOBE ARBORVITAE

BIOTA AUREA NANA

Three year transplants.
A good cash and carry item
in containers. These plants
have shape and good color
for a fast selling item.

WEATHER-PROOF ALUMINUM TAGS

Outstanding for convenience, attractiveness, durability. Yellow cardboard backing allows embossing with ordinary pencil, nail, stylus, etc.

Copper wired . . . Securely eyeleted . . . Will not rust or corrode. Prices to dealers to resell over the counter and use for all permanent labeling in the nursery or display grounds:

Lots of 100 for \$3.00

Lots of 250 for 6.00

Lots of 500 for 10.00

Lots of 1000 for 16.00

When payment accompanies the order, include 50¢ postage for orders of 1,000; 35¢ for smaller orders.

Samples gladly sent on request.

10 years of satisfactory use in our nursery. Hundreds of thousands sold since offering to the trade.

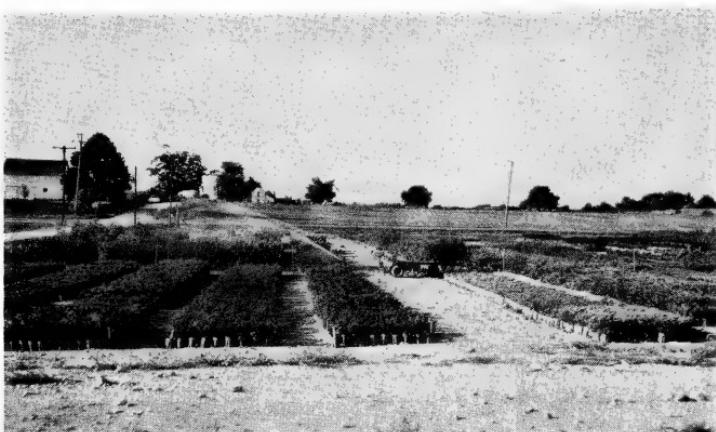

4-inch Walnut Handle

patterned after the most popular S. Kunde pre-war grafting and cutting knife.

per doz.
each each

No. 605C "TINA" BRAND..... \$2.50 \$2.25

CONTAINER GROWN STOCK

ONE-THIRD OF OUR CONTAINER GROWING AREA

All stock has been grown in the can and not merely established for a few weeks or months.

We are proud of our Container Growing Department. We invite you to inspect it anytime. No advance notice is necessary to pick up any of this stock. Dave Kocur will show you his Department, take your order for later delivery, or load your truck on the spot.

Transportation arrangements can be made at reasonable charges for full loads, and cans work in well with B & B stock on part loads.

NEW STATE ROUTE 4

This 2 lane, limited access highway goes through one corner of the nursery. (It took 6 acres.) It will be finished by December, 1960. Two cut-off roads lead right to the office, ¼ mile south from the highway.

EUONYMUS SARCOXIE

Heavy transplants 12 to 15 inches and 15 to 18 inches. Excellent for container stock, edging on landscape jobs, very large liners or a dozen other good uses.

PERL-LOME

Soil conditioner, propagating medium, pot and can growing ingredient.

Perl-Lome is a white, feather-like, permanent soil conditioner. It has been tested at six Agricultural Experiment stations and has had four years of field testing. It is an inorganic (processed volcanic rock), popcorn-like product, inexpensive and easy to use as an ideal propagating and growing medium which will remain friable and provide plants with adequate air and moisture. Perl-Lome is sterile, odorless, non-toxic, and easy to handle - 6 pounds per cubic foot. It will not get soggy or decay. We are sold on this relatively new product for the horticultural field. Its three most important uses to the nurserymen are:

1. **PROPAGATING MEDIUM.** Tested thoroughly at Ohio State University. Dr. Chadwick and Dr. Kipplinger are recommending it highly.
Recommended mixture: $\frac{1}{2}$ Sand and $\frac{1}{2}$ Perl-Lome for general use, or all Perl-Lome for many broadleaves.
2. **POTTING SOIL.** Use instead of, or with, peat moss in regular soil and peat moss mixtures
3. **CONTAINER GROWING MEDIUM.** Proven results 1958 and 1959 at O. S. U. Unbelievable root growth on such items as Pieris Japonica in cans. These are suggested mixtures when using Perl-Lome:
 - a. $\frac{1}{4}$ Perl-Lome, $\frac{1}{4}$ Sand, $\frac{1}{4}$ Peat, $\frac{1}{4}$ Dirt.
 - b. $\frac{2}{5}$ Perl-Lome, $\frac{2}{5}$ Peat Moss, $\frac{1}{5}$ Sand.
 - c. $\frac{1}{3}$ Perl-Lome, $\frac{1}{6}$ Dirt, $\frac{1}{6}$ Sand, $\frac{1}{3}$ Peat.

Also highly recommended as commercial or home gardeners' mulch.

3 cu. ft. sacks:	
1 to 10 sacks.....	\$2.00 each
10 to 200 sacks.....	1.85 each
200 and up sacks.....	1.75 each
